

# SOCIETY FOR THE RESEARCH AND STUDIES OF NANOTECHNOLOGY

One of the world's largest Non-profitable professional associations operating under Technoarete Research and Development Association.

Are you a Nano scientist /Academician/Student looking for an International platform to publish your Nanotechnology related research work?

Click on [nano-society.com](http://nano-society.com) to get in touch with us.

Reach us at +91 9345907121

## About Us

- ★ SRSN is an international forum for Doctors, Engineers, Scientists & Research Scholars for sharing knowledge & innovation in the field of Nanoscience, Nanotechnology, Nanoelectronics & Nanomedicine.
- ★ SRSN – Leading Publisher of scientific research articles in high standard international journals.

- ★ SRSN meets with its objectives through academic networking, meetings, conferences, projects, publications, academic awards and scholarships. SRSN strives to enrich from its diverse group of advisory members.
- ★ Members have the option to stay current in their chosen profession, connect with their peers and invest in their future.
- ★ SRSN provides a broad-based home for members and societies who are interested in aspects of Nanoscience & Nanotechnology, Nanoelectronics & Nanomedicine exchange global innovation and act as a bridge between Researchers and Academicians by organizing the following services:

## Our Services

International Conferences & Scientific Events

Seminars / Guest Lectures

Research Guidance & Scientific Assistance

Providing Membership

International Workshops

Establishing Chapters

## Why SRSN?

1023+  
Professional  
Members

46+  
International  
Conferences  
in India

2506+  
Scientific  
presentations

3011+  
Student  
Membership

1007+  
Publications

121+  
Guest Lectures  
& keynotes

28+ MoU's

## Purpose

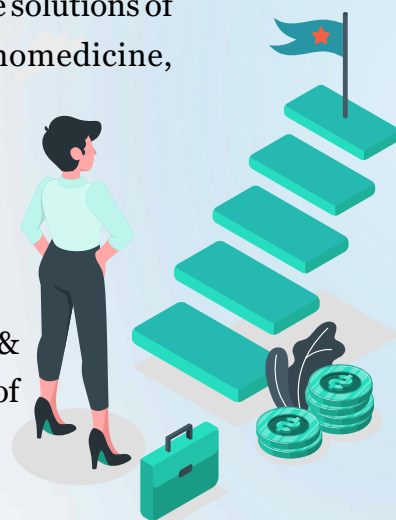

- ★ To play a vital role in the Science, Technology & Innovation sector aiding Research Scientists & Technologists in creating innovative solutions for the most pressing societal issues across the globe.

## Vision

- ★ We aim to create a forum to provide the common man with ease of access to the solutions of latest trends and advancements in the field of Nanotechnology, Nanomedicine, Nanoelectronics & Nano based Industrial applications.

## Mission

- ★ SRSN aims to provide opportunity for promotion of Nanoscience & Nanotechnology education, to serve as an Information Transfer platform of vastly updated, relevant material to a broad audience in Nanotechnology.
- ★ SRSN meets with its objectives through academic networking, meetings, conferences, projects, publications, academic awards and scholarships. SRSN strives to enrich from its diverse group of advisory members.
- ★ To bring together Nanoscientists, Nanotechnologists, researchers (both Faculty and Students) from Universities across the globe.

## What we do

- ★ We organize Conferences, Scientific Events and publish articles in the field of Nanoscience, Nanotechnology, Nanoelectronics & Nanomedicine.
- ★ **SRSN is committed to the following activities:**
  1. We encourage convenient access at urban and rural areas.
  2. We organize public education programs, workshops and other camps & conferences to solve problems.
  3. We are dedicated to inquisitiveness and innovation in the field of Nanoscience, Nanotechnology, Nanoelectronics & Nanomedicine and its translation into day-to-day problems.
  4. SRSN believes that collaborating with other organizations / associations will bring a better tomorrow.

## Our Impact on Community

- ★ SRSN believes in fulfilling its responsibilities towards the community as we work for the betterment of people globally.
- ★ Our actions and responsibilities have greater impact through the following activities, as we utilize the donations and support from people by assisting Professionals experiencing financial need through the Professional Research Consultancy.

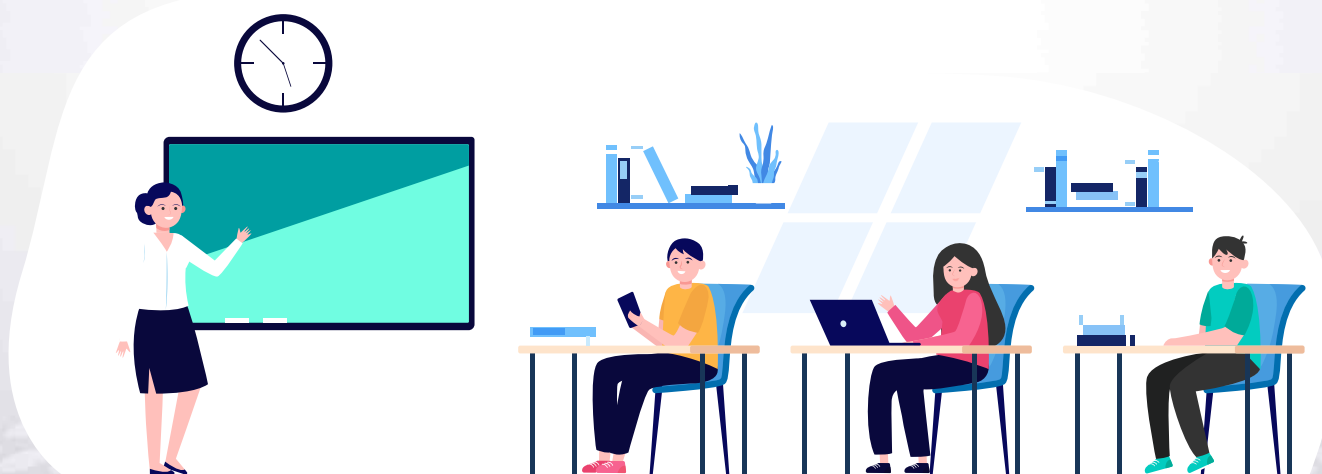

## Contribution towards Nation

- ★ SRSN has been committed to its tag line to connect professionals across the world through sharing of knowledge and cooperation for incubation, since its establishment.
- ★ To streamline our journey, we collaborated with renowned institutes, colleges, universities to serve them through our vibrant network of wizards of science.
- ★ SRSN organizes “Nanotek Summit” and “Nanosphere” Conferences twice every year.

## Conferences & Events

- ★ SRSN collaborates with Universities, Organizations & other Associations with the theme of recent and advanced developments in the field of Nanoscience & Nanotechnology for organizing Conferences, Scientific Events, Professional Meetings and Workshops.
- ★ The sole purpose of organizing Conferences by SRSN is to make scientific peers and wizards meet to share their experience, knowledge and researchers by organizing Conferences.
- ★ SRSN has been organizing Conferences all over the world irrespective of the remote areas and Cosmopolitan locations.

# Scientific Assistance

- ★ Research Consultancy
- ★ Institutional Assistance
- ★ Professional Assistance

# Scientific Database Management

- ★ Research Pedia
- ★ Digital Object Identifier
- ★ Academic Research Library
- ★ Digital Library

## Membership & Membership Benefits

- ★ SRSN membership connects you to a multidisciplinary, global network of thousands of Nanotechnology professionals such as Nano scientists, Nanotechnologists & Nanoengineers.
- ★ Can be a Keynote Speaker, Session Chair / Chairperson & Organizing Committee member of the Conference organized by SRSN.
- ★ Can be an Editorial Board member, Reviewer, Advisory Committee member of SRSN to maintain the quality control of research.
- ★ Can be a Visiting Professor to the Universities collaborated by SRSN and receive the designations such as Honorary Fellow of SRSN, Fellow of SRSN, etc.
- ★ Savings of up to 25% on registration fees for the Conferences & events organized by SRSN.
- ★ Can publish your research and investigation results in journals or present them at SRSN Meetings.

## Scopes & Opportunities

*To network, to meet the keynote speakers for advice, to create connections with researchers who share similar interests.*

*To expand your knowledge in the field of Nanoscience & Nanotechnology to find solutions to existing issues & challenges.*

*To present your ideas, scientific findings and research work with others & publish them in SCI/ESCI/SCOPUS Indexed Journals.*

*To provide training for researchers to help them better present their work & to receive appropriate guidance from keynote speakers.*

*Best research papers and outstanding paper presentations will be duly awarded.*

## About Chapters

*SRSN Chapters connect Nanotechnology Professionals Worldwide*

- ★ SRSN fosters growth in the Nanoscience & Nanotechnology community through its 100+ professional and student chapters worldwide.
- ★ SRSN's local chapters around the world host Guest lectures, workshops by internationally known Nanotechnology professionals. They do sponsor seminars on the most pressing issues in Nanoscience & Nanotechnology, conduct volunteer training workshops and publish their own newsletters.

# Journals & Publications

Go ahead & submit your Paper in our Scopus Indexed Journals

- \* SRSN Publish research articles in the prominent open access Journals that promote and globalize innovation of researchers by publishing within the chronicles, journals and transactions of worldwide periodicals.
- \* SRSN publications have shown marked growth in terms of global outreach, impact factors, downloads, citations, quick decision rates by the peer reviewers, number of submissions and stringent acceptance rates.

*Publications in globally distributed high impact factor reputed International Journals*

- \* SCOPUS Indexed Journals
- \* ESCI
- \* Web of Science
- \* UGC Care
- \* Google Scholar Indexed
- \* ISI
- \* Editorial Board for swift peer-review and convenient Publication.
- \* Plagiarism, review reports, Increase Citations publish quality over quantity
- \* End-to-End Publication Assistance

**For other Publication related queries, dial: +91 - 9345907121**

## Academic Research Collaboration

- \* Plan, direct and organize knowledge-transfer programs & research activities on recent trends approved by the Directors.
- \* Exchange of Innovative Ideas through mutual mobility of the members to acquire international competencies.
- \* Enhanced Individual Productivity & Growth
- \* Increased research participation leads to wide exposure into cutting-edge technologies.

## Our Associates and Partners

**SRSN**

***Bringing together  
Nanotech Research  
Professionals in a global platform  
thereby encouraging innovation,  
promoting original content-based  
research articles & providing  
networking opportunities.***
